Meeting Agenda

- ★ Objectives
    - ○ MVC with JavaFX?? more specific, FXML
    - ○ How to connect everything…? where and how with different controllers and different classes...
    - ○ Work more as a group. When time is available.

- ★ Reports from previous meeting
    - ○ Miranda
        - ■ Stuck with connecting.. stuff.. like Player with a view and controller. But with which controller?
    - ○ Maja
        - ■ Tried to connect the startPane with the creation of players but got stuck with connecting it (fxml with java)...
    - ○ Amanda
        - ■ Started implementing methods to place markers randomly on the map.
    - ○ Allex
        - ■ Done nothing.
- ★ Discussion items
    - ○ How to set up everything? We can't see how everything is connected now (since it is not connected yet… hehe)
        - ■ We should try to connect with hard coded values just to get something started? Easier to see the connections

- ★ Outcomes and assignments
    - ○ Continue working on our assignments!

- ★ Wrap up
    - ○ Next meeting: Tuesday 15-16 3505-E
